

## KBA GROUP CELEBRATES OUR DALLAS 100™ CLIENT WINNERS

Entrepreneurs bring new business to the local economy. It almost goes without saying that new business leads to the creation of new jobs, and new jobs benefit the entire community. To celebrate the successes of these entrepreneurs, the Dallas 100™ was founded. The Dallas 100 serves to both identify and honor the 100 fastest growing privately-held companies in the Metroplex. An 18 year-old tradition, KBA Group LLP is proud to have been the accounting firm sponsor of this, Dallas' original business award competition, since its inception in 1991.

In November of last year, the 2007 Dallas 100 winners were recognized for their accomplishments at the annual awards ceremony held at the prestigious Morton H. Meyerson Symphony Center. Among the winners were a number of KBA Group clients. We extend our sincere congratulations to these outstanding businesses:
